Morning Prayers: Speak to the Day

Five minutes morning prayers before you step out today or for you to pray on your journey to work or on your travel or with your children before they go to school today. Teaching your children to affirm themselves in the Lord before going out every day and knowing that God is with them no matter what or where they are will be of great benefit to them in life. Teach your children the way of the Lord and when they grew up, they will not depart from it. “Start children off on the way they should go, and even when they are old, they will not turn from it” Proverbs 22:6 (NIV). Affirmation of oneself is very important before other people start to analyse

and define you, you have already stated your claim on the day and commanded your morning in so doing commanded your day. Command the day, the question was asked in the bible “since the days began, have you ever commanded the morning” as declared in the bible Job 38:12 (Amp) as you go out today or at home today in Jesus name Amen.

my greatest hopes,

my greatest dreams,
according to His
power that is at work
within me in
Jesus name
